Hotel Palomar San Francisco Unveils Renovated Guestrooms

Nov 18, 2011

Kimpton's **Hotel Palomar San Francisco** has wrapped up the renovation of its five turret-style "Corner King" guestrooms. Resembling the bartizan portion of a castle, the accommodations feature rounded bay windows, plush beds, and comfortable seating areas while "perching" guests above Market Street. The hotel also added 1,000 square feet of meeting space.
